PROCEDURES AND POLICIES (revised 2014)

The Section II soccer committee has adopted a series of statements regarding policies and procedures that they feel will cover most of the concerns of all the soccer coaches, athletic directors, and leagues regarding activities at the sectional and intersectional levels.

Any questions, additions or further recommendations, should be directed to the soccer committee through the league representative or the Section II soccer chairman.

I. LETTER OF INTENT:

Beginning the 2013-2014 school year there will now be one Letter of Intent for the entire school year. The letter of intent will be sent to the section 2 office, who will in turn let the sports coordinators know of the schools intent for each sport. It is the responsibility of the Athletic Directors to let sport coordinators know before the seeding meeting if it is their intention to withdraw from sectional play before the day of the seeding meeting. The letter of intent form indicates the schools intent and/or chosen obligation to participate in post-season sectional and intersectional tournaments until the school is eliminated.

The state finals are played on Sunday, Nov. 14th for the year 2015. The letter of intent states that it is your intention to play until eliminated, or to conclusion.

If, after submitting your letter of intent, your school decides it does not wish to enter the sectional tournament, you must so indicate that intent to the Section II chairman. This must be done before the sectional seeding meeting (see list of important sectional soccer dates item XVIII, page 20). **Failure to do so may cause your school to be denied the opportunity to play in next year's sectional tournament.**

II. SELECTION TO THE TOURNAMENT:

Starting with the 2002-2003 season the soccer tournament will be run as open sectionals. This is a change in policy that was voted on by the Athletic Council and passed by a 15-12 vote on 3/06/02.

Starting with the Fall of 2013 the boys will be seeding the sectional tournament with a subjective seeding procedure that was approved by Athletic Council, by a 20 – 8 vote in favor of in June 2013. Teams will be seeded by the entire Section 2 Boys Soccer Committee based on the following criteria:

- 1. League winning percentage (league record)**
- 2. Strength of schedule (including non-league record)**
- 3. Head to head competition**
- 4. Past tournament history**
- 5. Extenuating circumstances**
- 6. Card Accumulation (to break ties when criteria 2-5 does not separate the teams involved)**

Seeding will be based upon games completed only, at the time of the seeding meeting. League schedules are to be completed before the seeding meeting. For seeding purposes schedules are frozen at the time of the seeding meeting. The date of the seeding meeting can be found on page 20.

Tournament formats other than the traditional format identified in item VII have been suggested. The committee is always open to innovative suggestions and formats that will make the post-season tournament more exciting. However, any deviations from the format identified in item VII that wish to be incorporated into the upcoming post season tournament must be presented to the committee at the end of the season and presented to Executive Committee in January. All new suggestions should be made to your league representative or in writing to the Section II soccer chairman.

III. RESOLVING A PERCENTAGE TIE FOR SEEDING PURPOSES ONLY BETWEEN TWO AND THREE OR MORE TEAMS:

1. If after reviewing the seeding criteria the committee can't make a determination to separate teams in the seeding process, then the card accumulation policy will come into effect. The team with the fewest cards, red cards will count twice for tally purposes only, will receive the higher seed. If still tied then a coin flip will determine the seeding order. Again the accumulative card policy will only come into effect when breaking ties when criteria 1-5 have not separated the teams for the boys soccer committee

IV. PROCEDURES FOR BREAKING A TIE IN THE SECTIONAL TOURNAMENT:

If there is a tie at the end of regulation time, then the procedure for breaking that tie will be done in the following order until the tie is broken:

1. 2-15 minute sudden victory overtimes
2. penalty kick procedures as defined in the rule book

V. STARTING TIMES FOR MATCHES IN THE SECTIONAL TOURNAMENT:

It is recommended, where possible, that all sectional matches be played in the evening. This will have minimal interruption of the daily school activities and provide for the greatest spectator and fan support.

The criteria listed below are for play-in, preliminary and quarterfinal games. Semi-final and final start times are based on field availability and are at the discretion of the Section II soccer committee and the Soccer Chairman.

1. All weekday afternoon matches will begin no later than 3:00 p.m.
2. A single weekday evening match will begin no later than 7:00 p.m.
3. A double header on a weekday evening will have the first match begin no later than 5:00 p.m. and the second match beginning 20 minutes after the end of the first one.
4. All matches on a weekend will begin at 1:30 p.m. unless both teams come to a mutual agreement that is approved by the Section II Chairman for a different starting time.
5. Under no circumstances will a daytime match be started after 3:30 p.m. without having lights available to provide adequate visibility.

Regional Finals that are played on Saturday, November 7th, will have conflicts with SAT's for the first time due to the new start day instituted by NYSPHSAA this year. Coaches and/or Athletic Directors should make their student/athletes aware of possible conflicts on Saturday, November 7, 2015. Student/athletes should schedule SAT's during another month to avoid such a conflict.

VI. PRELIMINARY AND QUARTERFINAL SECTIONAL MATCHES:

Generally all preliminary and quarterfinal games will be held at the site of the higher seeded team. All high schools that host preliminary and/or quarterfinal games must either charge admission (see item IX), or assume all financial responsibility for a successful game, and make all the necessary arrangements that need to be made to insure a properly run sectional game. See item IX regarding the general procedures for conducting a sectional soccer game. **If a school declines to take on the financial responsibility of the game then failure to charge admission by a school that hosts a preliminary and/or quarterfinal game could cause that school to forfeit its right to host a preliminary and/or quarterfinal game at a future date.**

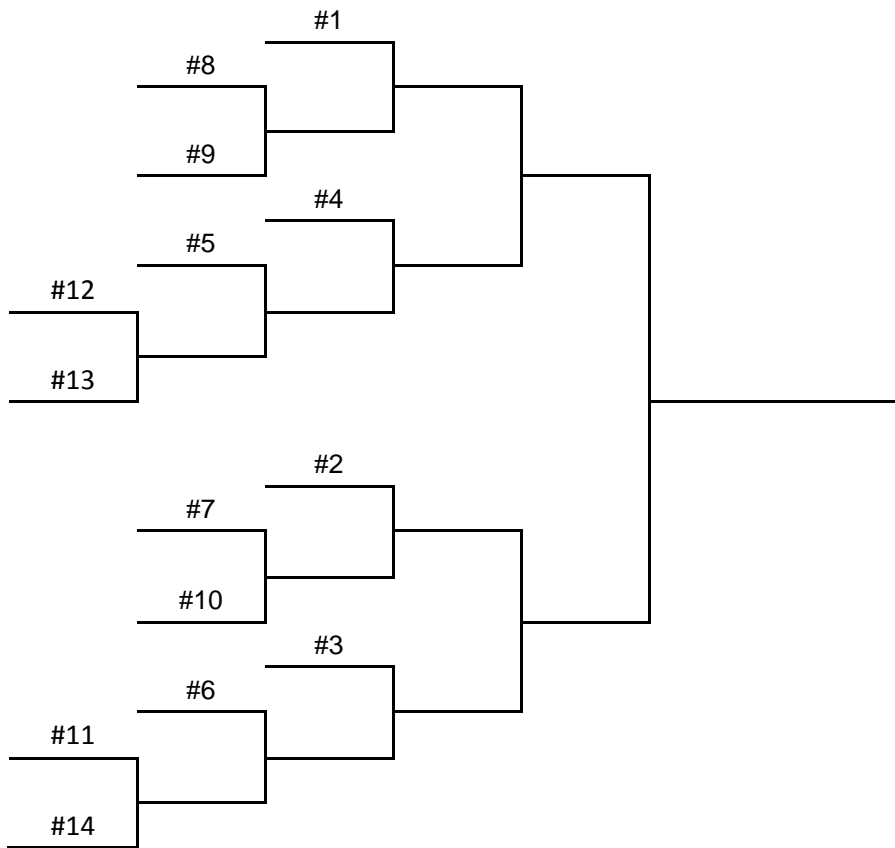

VII. SECTIONAL AND INTERSECTIONAL CLASS COMPETITIONS:

There will be 5 different class competitions within Section II. The schools will be divided up into AA, A, B, C, and D classes. See the Section II classification sheet, page 23 & 24, or consult with your Athletic Director to find out which class your school belongs to.

1. All teams will be assigned to a division as indicated under the specific class tournament.
2. All teams in each division will be ranked according to the seeding criteria that was approved June 2013.
3. Admission will be charged for **ALL GAMES**, unless the host school accepts all financial responsibility for running the game.
4. Fields with combined football-soccer goal posts that have flat surfaces may be used for preliminary and quarterfinal games only.
5. All teams must have a legal size field (110 x 65) in order to host a sectional game. If a school does not have a legal size field, the game will be played on a neutral field that conforms to the specification. Schools knowingly hosting a game on an illegal field will forfeit their opportunity to host future games until they prove to the section II soccer committee that the problem has been rectified.
6. Game times during the weekday will start no later than 3:00 p.m. A single weekday evening game will start no later than 7:00 p.m.
7. Games will be played as follows:
 - Preliminary/Play-in games on Wednesday/Thursday
 - Quarterfinal/Preliminary games on Friday/Saturday/Monday
 - Semifinals on Tuesday/Wednesday/Thursday
 - Finals to be announced
 - Above dates are subject to change and are at the discretion of the boys soccer committee and the soccer chairman

1. Class “AA” Tournament:

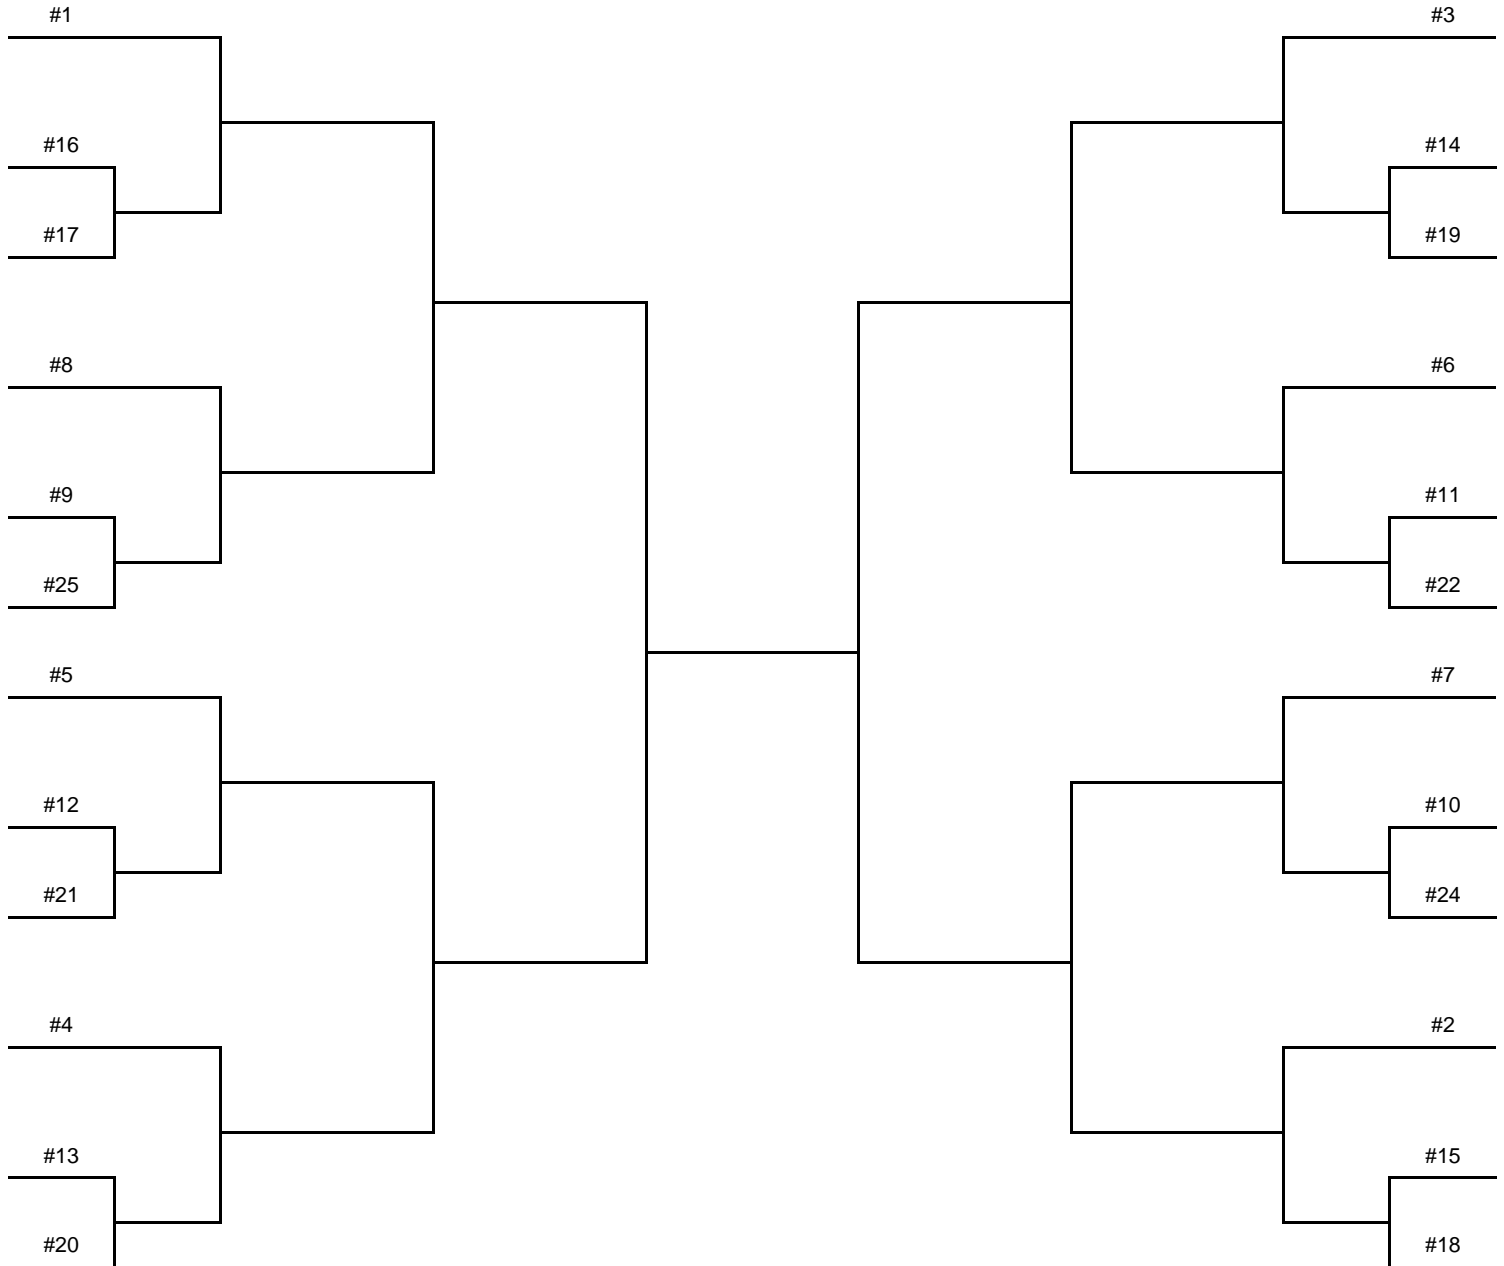

“AA” Tournament Seeding (Amended 6/13)

2. Class “A” - “B” – “C” Tournament:

1. The new format is to seed teams one through however many teams choose to participate in the sectionals. The above tournaments will have a cross section of teams from 4-5 leagues. Teams will be seeded based on the new subjective criteria approved by Athletic Council, 6/13.

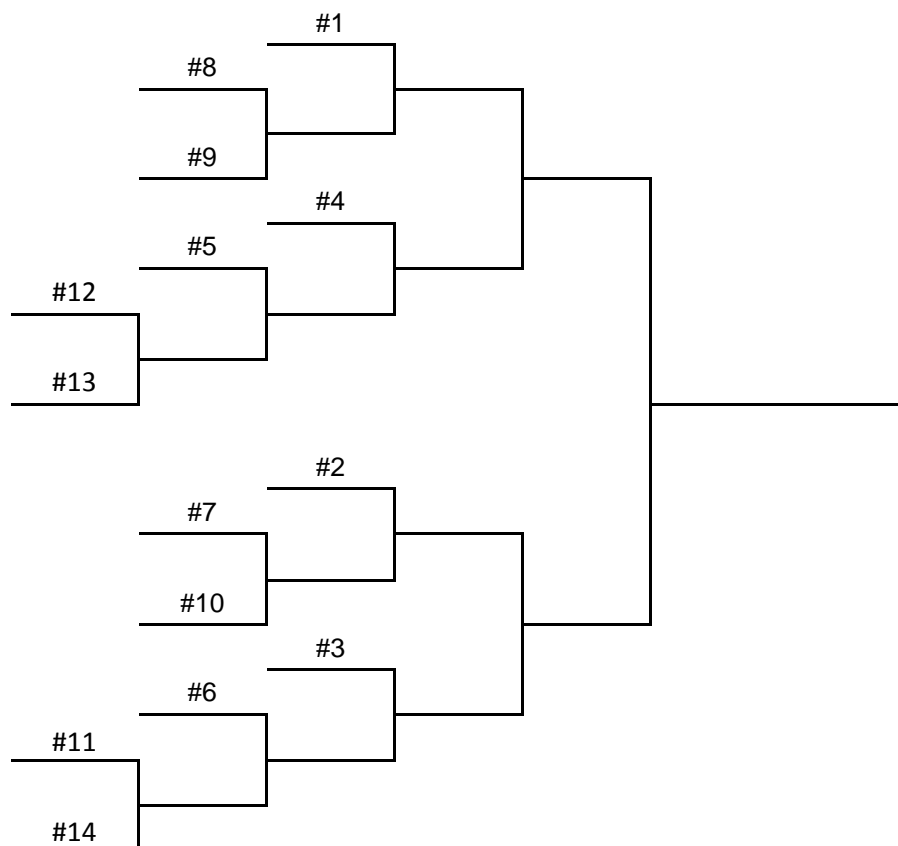

“A” – “B” – “C” Tournament Seeding (Amended 6/13)

4. Class "D" Tournament:

1. The new format is to seed teams one through however many teams choose to participate in the sectionals. The above tournaments will have a cross section of teams from 3-4 leagues. Teams will be seeded based on the new subjective criteria approved by Athletic Council, 6/13.

"D" Tournament Seeding (Amended 8/15)

For all classes: when two teams finish a sectional final in a tie, they will be declared Sectional Co-Champions. A penalty kick shootout will determine which team will advance to state level play.

VIII. SEEDINGS FOR A SECTIONAL TOURNAMENT:

The higher seeded team throughout the tournament will always be the home team and wear the light jersey. After the quarterfinal contests, all games will be played at a neutral site. All teams entered into the tournament should bring a clock, horn, scorekeeper, timekeeper, and one or more ball persons to the game. The higher seeded team will supply game balls.

*******All sectional champions should immediately contact the state soccer chairman, Mike Andrew, per instructions in the informational packet that is given to both the Coach and the Athletic Director by the Section II Chairman. Athletic Directors should contact Mike by phone the next day at the latest.*******

IX. TICKET PRICES – Preliminary/Quarterfinals/Semi-Finals & Finals (amended 6/12)

Ticket prices for all sectional soccer matches are **\$3.00 for everyone** except infants that are carried in. For the sectional semi-finals and finals all tickets will be **\$6.00 for everyone** except infants that are carried in. All coaches and school administrators should please inform all students and parents of these prices so there will be no conflicts at the gate. The only **PASSES** that will be accepted at the gate for free admission are sports coordinators passes, lifetime passes, and press passes. **Section II passes, league passes and passes from other sections will not be accepted.**

X. SECTIONAL AWARDS:

Following the championship game, the runner-up team will receive the runner-up plaque or trophy plus 25 maroon runner-up patches. The winner will receive the championship plaque or trophy plus 25 white championship patches. **There will be no extra patches given to teams.** Finally, there will be 25 certificates given out by the NYSPHSAA to the Section II class champions that go on to the state tournament to represent Section II.

NYSPHSAA
Yellow Card Accumulation Policy

It is the intention of the NYSPHSAA Sportsmanship Committee to address the issue of the accumulation of Yellow Cards during the soccer season by an individual player/coach. The situations surrounding Red Cards are dealt with directly under the NYSPHSAA Guidelines for Sportsmanship and Misconducts outlined in the State Handbook for all sports. The consequences for the accumulation of excessive Yellow Cards will be as follows:

1. Five Yellow Cards accumulated by a single player/coach in the regular season will result in a one game suspension. Disqualifications due to an accumulation of five yellow cards occurring in the last game of the season will carry over into the next season of participation, if the team does not enter post season play.
2. The continued accumulation of Yellow Cards by the same individual will result in a one game suspension per additional Yellow Card.
3. In the event that the player receives two Yellow Cards in the same game, resulting in a Red Card, the two Yellow Cards will not count toward the season total, since the player/coach will receive a one game suspension as a result of the misconduct and ejection.
4. The accumulation card total is for regular season play only and the process will start over again for post season play. However, any penalties awarded as a result of the last regular season game will carry over into the post season.
5. The post season policy will provide a one game suspension after three Yellow Cards and a one game suspension for each additional card received through the State Final. A one game suspension resulting from a yellow card in a team's last post season game will carry over into the next season of participation.
6. The coaches of both schools are to report all Yellow Cards to their League and Section by means of Mail, E-mail or Fax for tabulation. The officials should report to their boards concerning games in which cards are given and the reasons for issuance of the card. Board policy will determine the method of notification to the League and Section. A final end of the year report including data on disqualifications shall be sent to the NYSPHSAA Sportsmanship Coordinator.
7. Refusing to report, or failing to report infractions and allowing players/coaches to continue play/coach under these circumstances will result in the forfeiture of all games in which the individual in question participated.

All coaches in Section 2 are required to contact Section 2 soccer chairman, Jim Gillis, by email jgillis@bkwcsd.k12.ny.us , following every game that they have participated in where a card(s) has been issued. This needs to be done whether it was your team or the opponent that was issued the card. Information to be included should be date of game, team that the player issued the card(s) plays for, player's name, players jersey number, and the card(s) received. This should be done the day of, or no later than the next school day after the contest. If no cards are issued in a given contest then no report is required. Failure to report cards in the above time frame could result in the suspension of coaches and forfeiture of all games in which the individual player in question participated. This policy is in effect for regular season play, sectional play and state tournament play.

HEAT INDEX PROCEDURES

Administration of Heat Index Procedures:

Heat index will be checked 1 hour before the contest/practice by a certified athletic trainer, athletic director, or school designee when the air temperature is 80 degrees (Fahrenheit) or higher.

The athletic trainer, athletic director, or school designee will use the accuweather.com website to determine the heat index for the area of the contest/practice. The accuweather.com website can be reached through the NYSPHSAA website. Once a person is on the accuweather.com website, they will put in the zip code for the location of the contest/practice and the website will give them the air temperature as well as the RealFeel temperature (heat index).

If the RealFeel temperature (heat index) is 90 degrees or above, the athletic trainer, athletic director, or school designee must re-check the RealFeel (heat index) at halftime or midway point of the contest. If the RealFeel (heat index) temperature is 96 degrees (Fahrenheit) or more, the contest will be suspended.

Please refer to the following chart to take the appropriate actions: RealFeel (Heat Index) under 79 degrees		Full activity. No restrictions
R E C O M M E N D E D	Heat Index Caution: RealFeel (Heat Index) 80 degrees to 85 degrees	Provide ample water and multiple water breaks. Monitor athletes for heat illness. Consider reducing the amount of time for the practice session.
	Heat Index Watch: RealFeel (Heat Index) 86 degrees to 90 degrees	Provide ample water and multiple water breaks. Monitor athletes for heat illness. Consider postponing practice to a time when ReelFeel temp is lower. Consider reducing the amount of time for the practice session. 1 hour of recovery time for every hour of practice (ex. 2hr practice = 2hr recovery time).
	Heat Index Warning: RealFeel (Heat Index) 91 degrees to 95 degrees	Provide ample water and water breaks every 15 minutes. Monitor athletes for heat illness. Consider postponing practice to a time when ReelFeel temp is much lower. Consider reducing the amount of time for the practice session. 1 hour of recovery time for every hour of practice (ex. 2hr practice = 2hr recovery time). Light weight and loose fitting clothes should be worn. For Practices only Football Helmets

		should be worn. No other protective equipment should be worn.
REQUIRED	Heat Index Alert: RealFeel (Heat Index) 96 degrees or greater	No outside activity, practice or contest, should be held. Inside activity should only be held if air conditioned.

NYSPHSAA THUNDER & LIGHTNING POLICY

(Effective 10/25/04)

(Revised October 20, 2008)

Applies to regular season through NYSPHSAA Finals:

1) Thunder and lightning necessitates that contests be suspended. The occurrence of thunder and/or lightning is not subject to interpretation or discussion - thunder is thunder, lightning is lightning.

a) With your site administrator, set up a plan for shelter prior to the start of any contest.

2) When thunder is heard and/or when lightning is seen, the following procedures should be adhered to:

a) Suspend play and direct participants to go to shelter, a building normally occupied by the public or if a building is unavailable, participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).

b) Do not permit people to stand under or near a tree; and have all stay away from poles, antennas, towers and underground watering systems.

c) After thunder and/or lightning have left the area, wait 30 minutes after the last boom is heard or strike is seen before resuming play or competition

DEFINITION OF A SOCCER SCRIMMAGE:

A soccer scrimmage may not exceed a total of 100 minutes and unlimited substitutions are permitted.

The length of time for the periods of play is to be determined by the coaches, not to exceed 40 minutes in any one period: halves, three periods or quarters. Scoreboards may be used for timekeeping only. The clock will begin with the goalkeeper in possession of the ball. When a goal is scored, play will be restarted with goalie possession. The goalie can restart play with a goal kick, goalie throw or goalie punt.

SECTION 2 FORMS:

All section 2 forms can be accessed from the section 2 web-site, section2athletics.org, then click on forms.

The **Concussion Management and Awareness Act** will go into effect on July 1, 2012 for all public schools and charter schools. The items listed below are required for school districts to be in compliance with the law. Some of the items are specifically spelled out in the law and others have been recommended by the State Education Department and the Department of Health and approved by the State Board of Regents.

Requirements of School Districts

Education:

Each school coach, physical education teacher, nurse, and athletic trainer will have to complete an approved course on concussion management on a biennial basis, starting with the 2012-2013 school year.

- o School coaches and physical education teachers must complete the CDC course.

(www.cdc.gov/concussion/HeadsUp/online_training.html)

- o School nurses and certified athletic trainers must complete the concussion course.

(<http://preventingconcussions.org>)

Information:

Provide concussion management information and sign off with any parental permission form. **The NYSPHSAA will provide a pamphlet to member schools on the concussion management information for parents.**

The concussion management and awareness information on the State Education Department's website must be made available on the school website, if one exists.

Removal from athletics:

Require the immediate removal from athletic activities of any pupil that has or is believed to have sustained a mild traumatic brain injury.

No pupils will be allowed to resume athletic activity until they have been symptom free for 24 hours and have been evaluated by and received written and signed authorization from a licensed physician. For interscholastic athletics, clearance must come from the school medical director.

- o Such authorization must be kept in the pupil's permanent health record.

- o Schools shall follow directives issued by the pupil's treating physician.

State Education Department's Guidance for Concussion Management

Schools are advised to develop a written concussion management policy. A sample policy is available on the NYSPHSAA website at www.nysphsaa.org. The policy should include:

- o A commitment to reduce the risk of head injuries.

- o A procedure and treatment plan developed by the district medical director.

- o A procedure to ensure proper education for school nurses, certified athletic trainers, physical education teachers, and coaches.

- o A procedure for a coordinated communication plan among appropriate staff.

- o A procedure for periodic review of the concussion management program.

Post Concussion Management

- o **Cognitive rest** requires the student avoid participation in, or exposure to, activities that require concentration or mental stimulation.

- o **Physical rest** includes getting adequate sleep, taking frequent rest periods, and avoiding physical activity that requires exertion.

- o **Return to school activities** may begin once a medical provider clears the student and may recommend a graduated return to activities, after the student has been symptom free for 24 hours. For physical activities, please refer to Zurich Guidelines which can be found at www.nysphsaa.org.

Schools may develop a **Concussion Management Team** to help guide and implement the program.

- o The team may include, but is not limited to, students, parents/guardians, school administrators, medical director, private medical provider, school nurse, director of PE, certified athletic trainer, physical education teachers, coaches, and regular education teachers.
