SECTION 2 BOYS/GIRLS BOWLING

In the past we have simply taken the TOP (6) Individual totals from the (6) games bowled on their Sectional date. (Top (6) after members of the winning team are factored out.)

We are proposing that we will take the TOP (6) scores from the Tournament Week based on the following CRITERIA:

1) The TOP (2) Place finishers NOT including anyone from the 'Team Champion' (THESE (2) BOWLERS are in regardless of League Recommendations.)

2) The next (4) Roster Spots will come from the 'LIST' of select Bowlers that entered the Tournament with an ***asterisk*** or League recommendation based on the FINAL (6) GAME TOURNAMENT TOTAL. (This caveat DISREGARDS any bowler who may have had a Career day and replaces said Bowler with an athlete that has received a LEAGUE RECOMMENDATION and his (6) Game total places him in the TOP 4 of the ***asterisked*** Bowlers.)

Asterisk Bowlers will be selected from EACH LEAGUE BEFORE the Tournament begins based on their SEASON LONG performance. A major factor will be the bowlers OVERALL Average BUT consideration will be given by Coaches to allow for the DIFFERENCE in scoring at HOME ALLEYS.

7) Proposed Drone policy

Robert Zayas reviewed the drone policy which includes the following verbiage:

"If there is a report of UAS activity at an athletic event school, Section and/or State Association officials will, in consultation with the sports officials, suspend the play until such time as the UAS is removed from the area as defined above or the school, Section/ State and sports officials determine it is safe to proceed."

The drone policy will be voted upon at the May 5th Executive Committee meeting.

(Draft)

**New York State Public High School Athletic Association
Drone Policy**

The New York State Public High School Athletic Association prohibits the use or possession of unmanned aircraft or aerial systems (UAS) also known as drones, for any purpose by any person or entity at all scrimmages, regular season and post season events.

This prohibition applies to the area above and upon all spectator areas, fields of play, courts, arenas, stadiums, mats, gymnasiums, pools, practice facilities, parking areas and or other property being utilized for the purpose of the interscholastic activity.

If there is a report of UAS activity at an athletic event, school, Section and/or State Associations officials will, in consultation with the sports officials, suspend the play until such time as the UAS is removed from the area as defined above or the school, Section/ State and sports officials determine it is safe to proceed.

For purposes of this policy, a UAS is any unmanned airborne device or aircraft. The NYSPHSAA, Section and/or Member School reserves the right to refuse admission to anyone operating or attempting to operate a UAS or to request the immediate removal of any person using or attempting to use a UAS in violation of this policy.

The NYSPHSAA Executive Director has the authority to grant an exception to this policy to law enforcement, public safety agencies, NYSPHSAA media partners, or other entities or individuals. Any request for an exception to the policy must be submitted to the Executive Director at least a week prior to the event. The exception is limited to the specific event requested and requires the consent of the host venue.

Any use granted under this provision must comply with the applicable FAA regulations as well as any and all requirements set forth by NYSPHSAA. News media must have the necessary FAA authorization. Any individuals granted an exception would be required to sign a document acknowledging and agreeing to the terms of use and agreeing to hold the NYSPHSAA and its member schools harmless from damage to persons or property.

COMBINING OF TEAMS

Action Item
 Discussion/ Information Item

Presenter:

Robert Zayas, NYSPHSAA Executive Director

Proposal:

Consideration of revising the Combining of Teams graduated scale to:
AA-100%, A-100%, B-100%, C- 40%, D-30%

Consideration for the scale be used for mergers with up to 3 “teams” while “team” sport mergers with 4 or more “teams” would use 100% of their BEDS; team sports only.

Effective Start Date:

2018-2019 school year

Rationale:

The NYSPHSAA membership has expressed concern with the graduated scale have unintended consequences such as the creation of “super teams”, two class B or A schools combining and remaining a class B or A team, the drastic increase in merged teams, etc. The revision to the graduated scale will make it more challenging for schools to merge and remain in the same classification.

The graduated scale would only be used for mergers with up to 3 “teams” to ensure that stand alone schools are not at a disadvantage when playing a merged team with 4 or more contributing schools. Mergers with 4 or more teams, would use 100% of their BEDS; this would only impact “team” sports. Individual sport mergers could use the graduated scale for any and all mergers regardless of the number of schools contributing.

Proposal Originated:

Combining of Teams Committee.

Budget Impact:

None.

Notes:

Current graduate scale is:
AA- 50%, A- 40%, B- 30%, C- 30%, D- 20%

Section 2 End of the Season Report Boys Swimming 2016-2017

Overview:

Section 2 had another solid year this year in swimming and diving. The season ended March 4th at the State meet held at the Nassau County Aquatic Center. Sectionals ran well this year again at Shenendehowa. Albany Academy won the D2 meet and Shenendehowa won the D1 meet. At the state meet we beat a section record in the 200 medley relay with the team from BH-BL. We had more athletes than ever qualify (56) this year. Section 2 finished 3rd in the NYS meet and 4th in the Federation meet. Shenendehowa finished second overall in the NYS meet.

2016 – 2017 BOYS and GIRLS BOWLING

The 2016-'17 season concluded Sunday March 5 at the Gates AMF lanes in Rochester with the **Girls Section 2 All Star team coached by John Dennis (Mohonasen) winning their second straight NYS title.** The Boys team finished in 7TH place. On Saturday the **Section 2 Girls Championship team from South Colonie won the NYS Team Championship.** The Section 2 Boys Champion Guilderland finished 3RD.

All of our Athletes and Coaches did an excellent job representing their schools, themselves and the Section.

The Sectional Tournaments all went smoothly despite having to cancel and reschedule the Girls competition and the Class B Boys. Once again Boulevard Bowl provided an outstanding venue for our athletes and families and fans.

Congratulations to our Class Champions:

Combating Teen Heroin & Opiate Addiction

What every adult needs to know to save young lives

Thursday, May 4, 2017

9:00 am - 12:00 pm

1 University Place, Rensselaer, NY
School of Public Health, Room 110A

In recent years, heroin/opiate use in the Capital Region has risen to epidemic levels. The Times Union recently compared the spread of these deadly drugs in the region to a "raging brush fire," the cause of which is "hard to pinpoint and even harder to extinguish, while it burns a path of destruction". These highly addictive drugs have not only plagued our communities, but are also becoming more prevalent in schools among teen populations due to their ready availability, low cost and potent high. Today, the drugs are found in affluent homes as often as in poor neighborhoods, making it an issue about which all communities, schools and parents must be educated. This workshop will look at heroin and opiate addiction among teens in Capital Region schools and provide information on warning signs and strategies to address the deadly problem of opiate abuse.

Presenters:

Michael Nerney, Ph.D.

Former Director of the Training Institute of
Narcotic and Drug Research, Inc.

Peggy Bonneau

Director of Health and Wellness
NYS Office of Alcohol & Substance Abuse Services

Kevin Connally and Student

Executive Director, Hope House

Cost: \$59 for CASDA members/\$118 for non-members
