State Dual Championship: Saturday of Week #30

Seeding Criteria

“The Section 2 Wrestling Committee maintains the authority to make adjustments in tournament seeding, through the appeal process, when the purpose and objective of the seeding procedure has not been met”.

1. All teams that apply will be seeded.
2. Top 4 seeds are entered into the tournament
3. Final Rank order will be determined using the same seeding procedure as the Section 2 individual championships as follows:

All teams will first be placed on the board in order of the number of total points they have scored. Once on the board in order of points scored, the following head to head criteria will then be used to further seed the tournament:

1. We will start the head-to-head evaluation with the team who has the highest number of quality points from Procedure I. The second-ranked team has the first opportunity to advance on head-to-head competition over the top-ranked team. The third-ranked team follows, and so forth in the order of procedure. However, a team may not move over an opponent to whom it has lost.
2. In head-to-head situations where opponents met twice, the team with the highest total points will be ranked ahead. If these teams are tied with points, the team with the most recent win gets the advantage in ranking.
3. Where opponents met an odd number of times, the team with the best record in these matches will receive the higher seed. They can still jump to the highest available seed if they are not blocked.
4. Tie breaker criteria (If teams have the same total points):
 1. # of teams that a team defeated with a .900 winning percentage
 2. # of teams that a team defeated with a .750 winning percentage
 3. # of Points from record (wins - losses) only
 4. # of returning individuals on team who placed at Sectionals in previous year
 5. # of returning individuals on team who placed at Class tournament in previous year
 6. Coin flip

This will establish a new quality point ranking. Teams will be rewarded for finding the best competition and challenging their wrestlers throughout the season. Common Opponents will not be used as a criterion.

Points for seeding will be earned as follows:

1. Wins minus Losses. (Maximum of 12 Points can be earned)
2. Wins vs. New York State Opponents with winning percentage equal to or above 90%: +10pts
3. Wins vs. New York State Opponents with winning percentage equal to or above 75%: +5pts
4. Points earned previous year place finisher spreadsheet. (See attached)
